

SP'M'

Self Priming Non Clog Monobloc Pump

Head range : Upto 24 metres
Discharge range : Upto 17.4 lps
Power rating : 0.75 - 3.7 kW (1 - 5 HP)
Voltage range : 300 - 440V (3 Ph)
180 - 240V (1 Ph)

Attributes:

- Self priming and able to handle suspended soft solids
- Flatter efficiency curve for efficient operation
- Designed to prevent overloading and motor burning
- Designed for automatic air release during priming
- Non clogging impeller to handle suspended Soft solids
- Portable when fitted on trolley/ trailer
- Dynamically balanced rotating parts ensuring minimum vibration during running
- Models with IP55 protection
- Replaceable wearing parts
- Impeller is C.E.D. coated
